

THREE NINETY-FIRST INFANTRY
CAMP BRECKINRIDGE, KENTUCKY

July 14, 1943

Dear Bryant Service Club

Thanks back for the swell newsy letter. It sure was a complete coverage of the latest of the "gang". The address info is wonderful - been wondering where some of the fellows were for a long time. Also many belated thanks for the last package. They are always welcome.

It was with deep sorrow that I read of Johnny Hall's death. One of the best of the Class of '41 will not be forgotten soon.

Seems there is a silver lining to every cloud though and Ben Scuda's rescue provides it this time. Leave it to Ben to get out of any scrap on top. Hail to Ben and his safe return.

For awhile I was in hopes of shopping

in on you folks by way of a fairbough
but a sudden change in plans has made
that impossible at present. In fact from
the outlook it may be a long time before
we see Providence again.

There is not much in the way of news
that I can write you this time as we are
in a sort of in-between period now.

Thanks for remembering the Class of '41
and looking forward to the Bryant Re-Union -

As ever,

Alfred Cole
